

## NEET ANALYSIS

### Data-Driven Insights for Smarter Admission Decisions

NEET analysis is the backbone of a successful admission strategy. By carefully studying NEET results, previous year cut-offs, seat matrix, and counselling trends, we help students understand their real chances and plan their next steps with clarity and confidence.

---

### What We Analyze

#### NEET Rank & Score Evaluation

Detailed understanding of your position among lakhs of candidates.

#### Cut-off Trends

Previous year cut-offs for AIQ, State, Deemed & Private colleges.

#### Seat Matrix Analysis

Availability of seats across different colleges and categories.

#### College Prediction

Best possible colleges based on your rank and preferences.

#### Round-wise Strategy

Planning for Round 1, Round 2, Mop-Up & Stray Vacancy rounds.

---

### Why It Matters

- \* Know your realistic admission chances
- \* Avoid wrong college choices

- \* Plan better for each counselling round
- \* Stay ahead with accurate data insights

---
